CM01 - The plan is responsible for coordinating the processing of Medicare primary and Medicaid secondary benefits for its dual eligible members. Please note that any cost share applied will be processed by the plan according to the State's Medicaid COB guidelines. Based on the plan the member is enrolled in, the Medicare and Medicaid benefits may be processed on a single claim or two separate claims. If they are processed on two separate claims, you may receive a secondary EOP with the Medicaid processing. Per CMS, Medicare providers and suppliers may not bill beneficiaries enrolled in the Medicaid/QMB program for Medicare cost-sharing.
